Quality Policy

JAK Civil Pty Ltd provides Earthworks and Civil Construction Services.

The business operates from premises in Australind, Western Australia.

JAK Civil Pty Ltd provides a high level of quality and service by satisfying the requirements of ISO9001:2015 Quality Management Systems.

We promote quality awareness and enhance client satisfaction.

Our Objectives are to: -

- Reduce rework and optimise processes
- Build and maintain employee job satisfaction
- Provide a level of quality in our work that meets the specifications in the contract and the clients' expectations
- Ensure our suppliers and subcontractors operate to the same standards
- Strive for continual improvement in service delivery

This policy is communicated throughout the company.

The company committed to continual improvement of the system.

A handwritten signature in blue ink, consisting of a stylized, cursive 'J' followed by a vertical line.
